My Portfolio

EDUCATION

Software development – UCL Erhvervsakademi og Professionshøjskole,
Seebladsgade, Odense.

- February 2022 – July 2023
- Bachelor
- This software development degree is an expansion of the computer
  science degree so that it is on par with the university degree, in the
  form of ECTS points. This means that we both learn new things such as
  deeplearning and containerization, and also build upon already
  aquired knowledge such as quality assurance and databases.
- This school does not focus on Game Development

Computer science – Erhvervsakademi Dania, N.P. Josiassensvej, Grenaa.

- September 2019 – February 2022
- Bachelor
- This Computer science degree has a focus on Game Development,
  because of this i have worked with both general programming
  and game engines such as Unity

Folk high school – Vallekilde Højskole, højskolevej, Hørve.

- January 2019 - July 2019
- Game Development Course
- This is a 6 month course i took part in, which focused on game
  development where i learned C# programming for the first time.

HTX - Odense Technological Gymnasium, Munkebjergvej, Odense

- August 2015 - July 2018
- Communikation/IT, A Level
- English, A Level
- Programming, C level

WORK EXPERIENCE

From October 2021 — Student Developer, Ajour System, Odense

During my computer science education I got an internship position at this company for three months and afterwards they hired me as a student developer so I could work for them while I study.

My assignments at this company has been to learn Cypress and then create a test suite that covers their whole frontend, as a student developer I am not working fulltime on this but I work up to 15 hours a week when school allows me to do so.

From: September 2020
To: October 2021

1. Assistant, Netto Søndergade, Grenaa

The position as 1. Assistant means, that I have the responsibility for the store while at work. This also contains making sure the store is running properly, the responsebility for the younger workers, and making sure that the assignments I delegate to them get done on time.

From: July 2019
To: September 2020

Waiter / Nightportier, Kystvejens Conferencecenter, Grenaa

As a waiter i was part of the afternoon/night team, which consisted of 2 to 5 people, that had to serve groups from 30 to 100 people.

From: March 2018
To: January 2019

Waiter / Nightportier, Milling Hotels

When I worked for the Milling hotels chain I worked at three different Hotels in the Odense branch they er called: Plaza, Ansgar, and Windsor.

While working there I had assignemnts such as: preparing and serving the breakfast buffet, working the reception, booking rooms, and customer service.

From: March 2015
To: December 2017

Service employee, Føtex Rosengårdscenteret, Odense

The job contained assignments such as: making displays for the stores products, restocking shelves. Customerservice, and general responsibility for my department.
